## A word about our Company

Being sports car and rally enthusiasts themselves, the proprietors of Mini Sport have given careful and critical vetting of all the products they present in this catalogue. They believe that the prices they can offer to you represent the best value on the market today and this plus the GREEN SHIELD STAMP OFFER and Catalogue charge refund on your initial order of £2 or over, indicates the value of the Mini Sport range.

All goods are post free and guaranteed by the manufacturers, and Mini Sport will act quickly on your behalf should any of their range prove faulty or give dissatisfaction. This way, they believe is the only way to build a confident customer relationship, thereby at all times keeping their prices and service the best in the country and their range continually expanding as new products become available.

Thank you.

## Conditions

All Mini Sport orders are given prompt attention and are covered by a money refund guarantee. Cash with order. All items post free. C.O.D. 5/- extra.

## Mini Sport

Refund the cost of this catalogue on first orders over £20.0.

## Green Shield Stamps

given with every order from this catalogue.

## the revolutionary new **RIGID THROTTLE LINKAGE**

**FOR ALL BMC MINIS, 1100's AND 1800's**

(Right and Left-Hand Drive)

patent applied for

At last Mini-Sport have produced the complete cure for that sticking throttle . . . the Rigid Throttle Linkage. It is easily fitted in a matter of minutes, giving more sensitive throttle control, more m.p.g., smoother, safer driving and completely eliminating a sticking throttle. The linkage is precision engineered from high quality steel to give long life and trouble-free operation. It is supplied in kit form, complete with comprehensive fitting instructions.

Extensively road tested by many leading motoring journals, and the subject of favourable editorial reviews.

The Mini-Sport Rigid Throttle Linkage is fully guaranteed.

Available for all BMC Minis and 1100 range.

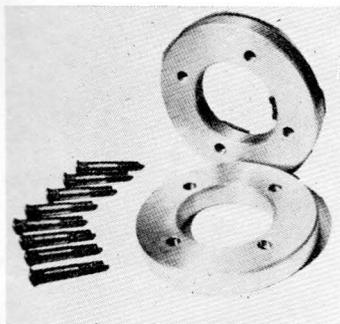

**Price 59/6**

Also available for 1800 range.

**Price 65/-**

Left hand drive models **Price 65/-**

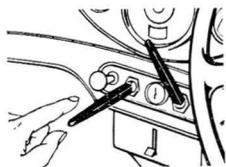

(Please state make, model and year of car when ordering)

## Mini Wheel Spacers

Designed for safety, giving wider track which gives more positive steering and better road holding. Simple fitting instructions included. Available for all BMC Minis except Cooper 'S'.

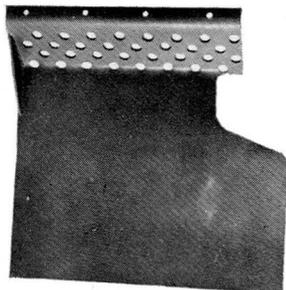

**Our Price 50/- per pair**  
including 8 studs

## Flick Switch Extensions

Provides instant finger tip control. In flexible rubber - will fit over existing switch. Essential for Mini-drivers, especially when wearing safety belts.

**Our Price 2/6 per pair**

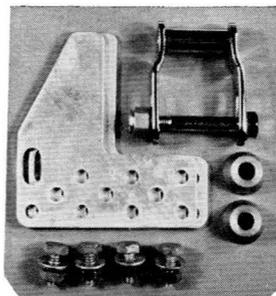

## Sump Guard

Soundly engineered in  $\frac{3}{16}$ " heavy plate steel. Full sump and gearbox protection. Machine drilled to allow airflow between sump and guard.

Available for all BMC Minis and Coopers.

List Price £5/10/0d.

**Our Price £4/19/6d.**

## Relaxed Driving Kit

Comprises of steering rake adjuster, pair of seat adjusters and pair of engine stabiliser cones. Available for all BMC Minis and Coopers.

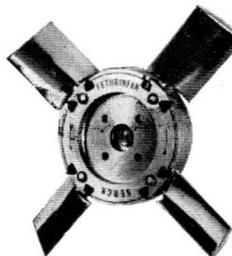

**Our Price 18/6**

## Grille Buttons

Quick release conversion kit. Enables mini grilles to be quickly detached for immediate inspection or maintenance of distributor, fan belt, oil filter, dynamo, horn, etc. Fits all Minis and Coopers.

**Our Price 14/6**

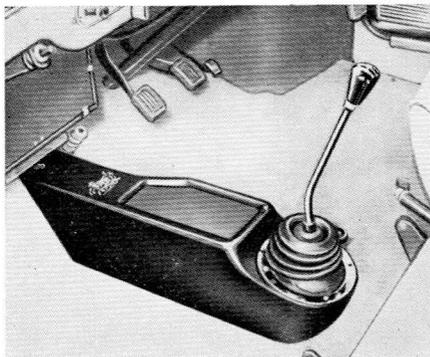

## Fetherinfan

Saves about two-thirds of the power absorbed by the conventional fan. Reduces fan noise and is simple to fit. Available for all BMC Minis, Coopers and 1100 range only.

List Price £3/15/0d.

**Our Price 69/6**

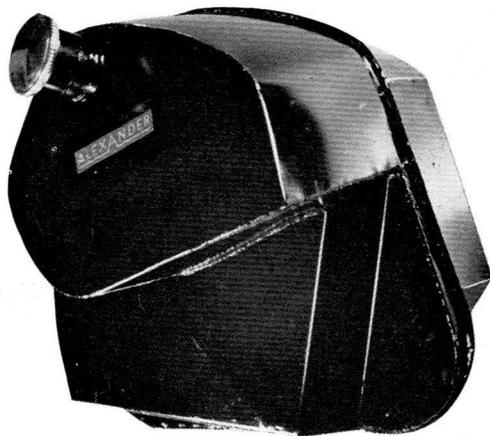

**REMEMBER ! MINISPORT GIVE DISCOUNT AND GREEN SHIELD STAMPS !**

## S.P.Q.R. Major Change

Complete answer to the slow and cumbersome standard gearchange on all models of BMC Minis excluding Mini Coopers and post March 1967 Elfs and Hornets, the Major Change is a beautifully engineered remote control linkage, designed for swift, positive gear-changes. The gear lever falls conveniently to hand, essential for users of safety harness. Linkage between the gearshaft and the gearbox is isolated by rubber mounted, self lubricating bushes thus eliminating transmission vibration and noise. Easy to install using only a normal tool kit.

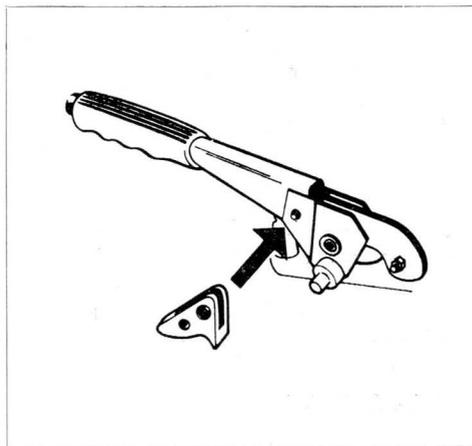

**Our Price £15/10/0d.**

## Extra Fuel Tank

Essential for long distance travelling or competition purposes. This tank is of the same capacity as the standard tank, and is connected to the original fuel tank with a tee piece so that the fuel pump draws from the two tanks at the same time. Fuel gauge still indicates. It is supplied complete with filler cap and installation kit. Available for all BMC Minis and Coopers.

**Our Price £11/16/0d.**

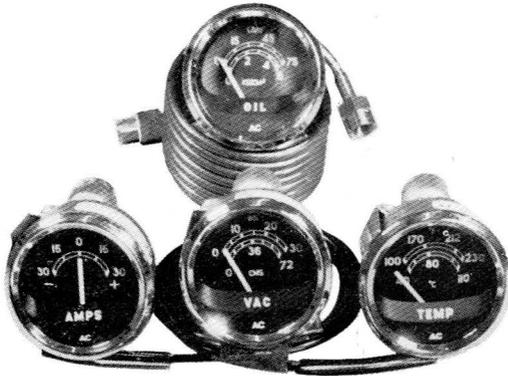

## Fly-off Handbrake

Existing handbrake quickly and easily converted on all BMC Minis, and variants BMC 1100's, Morris 1000, Riley 1.5, Wolseley 1500.

**Our Price 17/6**

**ALL ITEMS POST FREE ! PLUS DISCOUNT ! PLUS GREEN SHIELD STAMPS !**

## Instruments

All instruments are matched and have built-in illumination. 2in. dials with chrome bezels. White lettering on black background, complete with all necessary fittings except bulb and connector cable for ammeter.

Temperature Gauge (electrical) Dual scale reading (12v only) **Our Price £2/18/6d.**

Oil pressure Gauge (0.75 lb.) Dual scale reading **Our Price £3/1/6d.**

Vacuum Gauge **Our Price £1/19/6d.**

Ammeter - Scale 30-0-30 (12v only) **Our Price £1/13/6d.**

A

## Marine Compass

The finest value available:

- ★ Internally gimbaleed system through 360°.
- ★ Fully adjustable compensation for deviation and correction.
- ★ Illuminated (12 volt only) cable and plug supplied.
- ★ Easy to read dial card 5° graduations, heavily damped.
- ★ Body diecast with chemical content to eliminate corrosion.
- ★ Superior duty alinco magnet, hard material pivot and sapphire bedding.
- ★ Dark metallic green.

## Adjustable Head Rest

This is a must for all cars, a real motoring luxury. Now compulsory standard safety equipment on cars in U.S.A. Beautifully upholstered in heavy gauge simulated leather. Fully adjustable for height and rake, and easily fitted. Available in Black, Red, Tan, Blue or Beige. List Price £4/4/0d.

**Our Price 72/6**

## KL Sit-rite Backrest

The KL Sit-rite is the original and most successful backrest on the market. It has been designed to give medically correct support to the spinal column and is recommended by the medical profession. A sprung steel frame and nylon cords hold the hardwearing material which is woven for elasticity, meshed for air circulation and is absorbent to disperse moisture. These combine to make it cool in summer and warm in winter. Its attractive slender form takes up minimum space and gives lateral support for cornering.

**Our Price 49/6**

**KL** Sit-rite backrest

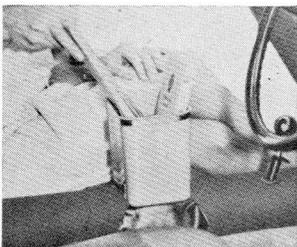

## Rally Seat Covers

Specially designed to eliminate driving fatigue by giving the correct support by allowing full body movement. Easily fitted, just slips over existing seat. Made in simulated leather. Available for: Mini range. Viva, Chamois, Triumph 948, 1200, 1250, Vitesse, VW 1100's, A40, Mk I and II, 105E, Cortina, Corsair, Imp, 1300, 1500, 1600, Fiat 500, 600, 124, MGB.  
List Price £6/6/0d.

**Our Price £4/19/6d.**

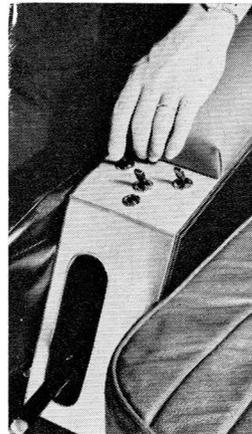

## Car Bin

Keep your car tidy with this smart unbreakable polythene refuse holder which fits on the raised tunnel or lies flat on the floor. Can also be used as storage for maps and other small objects. Mounted on pliable foam plastic flaps. Available in grey with gold trim.

**Our Price 14/6**

## Centre Switch Console

Solidly constructed and covered in black leather-cloth with plastisied chrome trim. Incorporating 3 on/off switches, warning light and handy extra glove box.

List Price £6/10/0d.

**Our Price  
£5/19/6d.**

Without switches £4/19/6d.

Available for Mini, 1100, A40, Morris Minor, Imp range, Cortina, Viva, MGB, Spitfire, Anglia, Triumph 1300.

**Our Price  
2/6**

Self Adhesive

## Safety Belts

Lap and diagonal type, belt made from tough Bri-Nylon with new advanced quick release buckle. Conforms to BSS 3254. Supplied with choice of three fittings - covering majority of cars currently on the road. Please state make and model of car when ordering.

List Price £3/10/0d.

**Our Price 59/6 each**

# steering wheels

## SPRINGALEX

### completely new race proved steering wheels

For a long time Springalex have been developing and testing on road, rally and racing cars a completely new range of superbly engineered steering wheels. These wheels give greater driving comfort, improved instrument vision and elegant highly polished four hole spoke styling. Plus a BUILT IN TRIPLE SAFETY FACTOR:

1. All rims are reinforced with a hidden continuous steel insert securely fastened to the spokes.
2. Each spoke is riveted to a special Dural centre plate.
3. The centre plate is fastened to the Boss by 3 bolts.

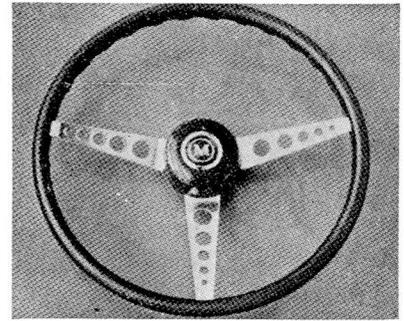

Finally the whole assembly is locked together with the actual steering wheel column nut.

"INITIAL EQUIPMENT ON TEAM LOTUS"

Drivers: Graham Hill and the late Jim Clark

### De-Luxe Woodrim

Covered in satin finished mahogany with finely machined finger grips, this is the most elegant woodrim available.

### Simulated Leather

This wheel is the ultimate in safety and comfort. The rim is covered in a shock absorbent cellular neoprene which in turn is covered with black simulated leather joined on the inside by a special new plastic welding process. The joint cannot be felt and is as strong as the cover itself.

### Hide Covered

The rim is padded with cellular neoprene and covered in best quality Connolly hide. A smooth finish is obtained by hand cross stitching in terylene thread round the inner edge.

# wheels

**Minilite  
Magnesium  
Alloy  
Road  
Wheels**

These Minilite wheels are used by leading works teams in National and International competitions. They are 75 per cent lighter than steel and 33 per cent lighter than aluminium. Precision gravity-cast in Magnesium Elektron C. Each wheel is fully heat-treated in compliance with B.S.S. 2970.

Available in 10-12-13-14 and 15in. diameters and 4in. to 7in. rim widths for most British, European, American and Japanese cars. Please request additional detailed list on this item.

**Cosmic  
Light  
Alloy  
Road  
Wheels**

Immensely strong for Rallying and Racing, with wider track giving better road holding and steering. Pounds lighter than standard steel wheels, reducing insprung weight and turning inertia. Interchangeable with the standard wheels. Diecast in special aluminium alloy and machined to very close tolerances. Excellent corrosion resistance.

Available in 4in. to 5½in. rim widths for British, European and Japanese cars.

Please request additional detailed list on this item.

**Mag-Caps**

To give your car the expensive appearance of magnesium alloy wheels. Made from high grade polypropylene, MAG-CAPS are strong and lightweight. They are easily fitted and do not require alterations to wheels or nuts. Kit includes chrome hub caps.

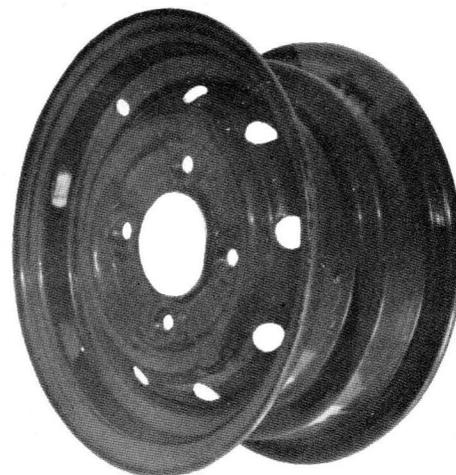

Available for most cars except 1100 range, MGB and Triumph 1300. Wheel sizes 10in., 12in., 13in., 14in., 15in. List Price £3/19/6d.

**Our Price 75/- per set of four**

## Replacement Standard Road Wheels

Downdraught	58, 75, 66 mm		21/6	18/6

## 'Piper' Cams and Manifolds

Details of the full range of 'Piper' reprofiled camshafts and inlet manifolds are available on request. The range of Cam Profiles is the result of studies and computations on one of the latest IBM machines and profiled on a special purpose Churchill cam grinder. They are in advance of anything available from the specialist or as factory options. The range covers all popular makes and they come in G.T. Sprint and Race categories. These cams are used by many of the leading Works Racing and Rally Teams. A comprehensive range of inlet manifolds to suit most cars and carburettors is also available.

## Air Filters

(Competition type) Manufactured by Alexander for SU, Stromberg and Weber carburettors. Highly polished alloy, non restriction competition type. Gives improved performance and under bonnet appeal.

	LIST PRICE	OUR PRICE

## Alexpress D.I.Y. Performance Kits

These kits have been specifically designed for the 'man in the street.' They offer excellent power/cost value and are completely assembled ready to fit. The fitting of this fully assembled kit is simplicity itself and can be undertaken by anyone USING NORMAL HOME WORKSHOP TOOLS.

### Specification:

Two Stromberg "CD" carburetors are fitted to a specially designed, airflowed alloy manifold. They are completely assembled with all necessary linkages, fuel pipes, etc. A pair of non-restriction pancake type air filters are also supplied. The kit is supplied, display boxed, completely assembled ready to bolt on, including fitting and tuning instructions.

### Following models available:

## Homologated Performance Kits

Appendix 'J' Group II, F.I.A. Competitions.  
SPECIFICATION

Two 1½" SU carburettors are fitted to a specially modified standard manifold complete with all necessary fuel pipes, throttle and mixture linkages. A pair of "short tuned length" polished alloy ram pipes and a set of performance valve springs complete the kit. It is supplied completely assembled, display boxed, ready to fit.

These Homologated Kits are intended to bring a highly modified engine into Appendix 'J' Group II specification. Full details on request of parts and costs to bring car and engine into Appendix 'J' Group II or Group V specifications.

Following models available:—

B.M.C. Cooper 998, Cooper'S' 970, 1071, 1275, Healey Sprite & MG Midget (1098)
